Regional Litter Prevention Campaign
Community Implementation Plan

This questionnaire will help you design an implementation plan to identify the needs and opportunities for a Litter Campaign in your community.

Campaign Goal: To implement outreach strategies that will to build awareness of residents and local businesses to the harmful nature of litter, help drive behavior change among litterers, and result in a demonstrated reduction in litter within your community.

Assessing the Situation:

1. Why does your community need a litter prevention campaign?

2. Describe the litter problem in your community including location of hot spots, types of trash found, and patterns you notice.

3. Can you identify any solutions to the litter problem mentioned above? Are there locations that need trash bins, certain groups or entities that could be targeted for education, ways of changing logistics to curb the problem?

4. What factors in your community would contribute to the success of a Litter Prevention Campaign (e.g. an impassioned leader or community group, a strong green ethic or pride in your community, or a need for community engagement)?
Goals for this community:

1. In what ways do you hope the campaign will enrich your community?

2. What are some measurable results you hope the campaign will have in your community? Reduce litter in certain areas, educate x number of youths or adults about the impacts of litter, etc.

Finding Key Allies:

Please list organizations, leaders, and other citizens that would be helpful for adoption of the Litter Prevention Campaign. This will help identify partners who could help with implementation.

5. Do you have any questions or concerns about any of these materials?

6. Are there any other ways you would like to engage your community in the Litter Prevention Campaign? How can the Alice Ferguson Foundation help you implement them?

7. Are there any factors that could limit your efforts to implement the Litter Campaign? What are they and is there any way to solve or plan for them?

**Project Timeline:** We suggest a commitment of at least two years to ensure success.

1. What is one thing you could implement within the next month?

2. What are three things you could implement within the next year?

3. How will you maintain the Litter Campaign throughout the year (e.g. monthly or quarterly meeting)? See next page for example schedule.

4. What would you ultimately like to do in your community?
Sample Timeline: Here’s an example of what an implementation plan for a community Litter Prevention Campaign might look like.

Monthly Activities:
- Hold monthly planning and strategy meetings.
- Post on social media once or twice a month.
